

Tired of boring old Slatwall, but can't afford the time or expense to replace it?

Simply adhere MirroFlex ReNu strips to your existing slatwall. Easy as 1-2-3, no downtime and very affordable.

Before

MirroFlex™ ReNu

# What is MirroFlex™ ReNu?

MirroFlex™ ReNu is our Mini Structures decorative thermoplastic, precisely cut to fit most standard (3" on center) slatwall. Supplied in 4 foot long strips with a pressure sensitive adhesive backing for DIY installation. Cover existing slatwall without closing store or removing slatwall. Cover entire walls or just sections to substantially enhance the look & décor.

## Features:

- Contemporary embossed designs & colors
- Super Fast Installation-one person can cover a 4' x '8 slatwall section in about ½ hour
- High Impact & Scratch Resistant
- UPS Shippable
- Made with pride in the USA
- In stock program for immediate shipment
- Custom designs and color options - visit our website at [www.mirroflex.com/slatwall](http://www.mirroflex.com/slatwall)
