

# TUB & SHOWER SURROUNDS

## Reskin Your Tub and Shower

MirroFlex Tub and Shower Walls are ideal for both residential and commercial environments with wet-area wall surfaces, including shower recesses and laundry walls. These robust wall surfaces are an attractive, economical alternative to traditional ceramic tiling. In fact, MirroFlex Tub and Shower Walls are a home renovator's dream thanks to their durable, non-porous, grout-free properties and easy installation and maintenance.

The standard kit includes three tub panels and finishing trim. Combine two tub side panels with folding corners and an adjustable back panel in your choice of 46" or 48". Be sure to check your existing tub measurements to determine which size will best suit your project.
